

# CSBG Training Module

## User Tips & Tricks

Use the **Resources link button** to easily access links mentioned in the module. Just click on the link to visit the website.

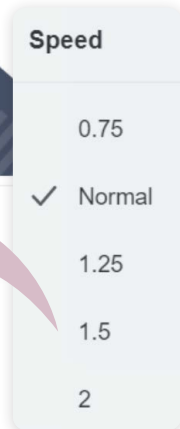

**Advance or return** to previous slides using the side slide panel. Use this panel to skip quiz questions if preferred. **You do not need to complete the quizzes to proceed to the next chapter.**

The screenshot shows the CSBG Training Module interface. The main content area displays "CHAPTER 1 History, Background, and Governing Law" with a notebook icon. A "Resources" link button is visible in the top left. A "Speed" control panel is overlaid on the bottom left, showing options for 0.75, Normal (checked), 1.25, 1.5, and 2. A "CSBG Training Module Slides" panel is on the right, listing various slides including "CSBG Training Module", "CAPLAW Resource Library", "Table of Contents", "Activities & Resources", "Chapter 1 - History, Background, and Governing Law", "Community Action Beginnings", "War on Poverty", and "Office of Economic Opportunity". A "Next" button is visible at the bottom right of the main content area.

Adjust the **playback speed** of the module to slow it down or speed it up.

**Experiencing an audio delay?** Simply refresh the page on your web browser or restart the current slide.

**Take a break!** There's no need to finish the module in one sitting - if you close the module and return, it will prompt you to resume where you left off.
